The Story

Once upon a time, a musician couple rocked the classical world with their unparalleled talent and skills. Together they had two children: an older sister who played superb violin, and a younger brother who claimed to be good at conducting. All was well until one day, when the couple abruptly died of unknown cause. Left with the burden of taking care of her younger brother, the sister performed day and night for a living, and became gravely ill due to exhaustion.

the world where your journey begins

So you, the younger brother, has decided to embark on a journey to take off your sister's burden and conquer the musical world! As an amateur conductor, you will travel around an anachronic world of classical music. Your goal is to train your own ensemble to compete in and win the International Conducting Competition - the highest glory achievable. Following the footsteps of your father and mother, you will make enough fortune to support the family and heal your sister, and maybe even find clues about your parents' mysterious deaths...

Gameplay

The actions you can perform are categorized into:

SHAKE

When the shake texture appears, shake the baton by moving it rapidly around the screen.

TRACE

Trace by following the path of notes from one circle to next. Grey notes show upcoming traces, while yellow notes indicate the current trace that should be done.

Gameplay

NOOP

When there is nothing on screen, don't do anything. Move at risk of your score.

SCORE AND COMBOS

Consecutive correct movements adds to combos. The more combos you have, the higher your score increases.

VOLUME

Increase volume by pressing A, and decrease volume by pressing Z.
